## What's on? November / December 2024

### A message from our President

In today's world, it can sometimes feel like young people are unfairly judged based on the actions of a few. As a spiritual community, it's essential that we remember that every young person holds a spark of potential, goodness, and wisdom.

While society often focuses on negative news, countless young individuals are out there doing incredible things - dedicating their time to helping others, showing compassion, and embracing positive change. Let's honour their contributions and remember the role we can play in lifting them up. Whether it's by offering a listening ear, mentoring, or simply acknowledging their efforts, we each have the power to make a difference in a young person's life.

Let's continue to create a space where all feel valued and understood, especially the youth who are still finding their way. Together, let's celebrate the good, nurture the potential, and encourage a brighter future for all.

Full members, you have all been invited to our Annual General Meeting, being held on Saturday 30 November 2024 at 11.00am. We would love for you to join us, and why not consider nominating yourself for the Committee. Remember, many hands make Light work...

With love and light,

Mr Charles Freeman,  
President

### Happy Birthday Scorpio, Sagittarius & Capricorn!

November begins with the Sun in Scorpio. We are asked to explore our emotional depths during this time. Self-empowerment is also a theme during Scorpio Season.

November 1st brings the Scorpio New Moon. Take steps to make the changes you need in your life. Become connected to others on a deeper level under this New Moon. The trine from Saturn indicates that steps taken to achieve goals will be rewarded.

November 16th brings us a Full Moon in the sign of Taurus. Release old habits, declutter your space, tackle your garden. The conjunction to the Moon from Uranus has the potential to bring up unexpected emotions.

On November 22nd, the Sun moves into Sagittarius. A time when the energy becomes lighter, we have the urge to expand and grow. Honesty is a theme at this time and we may find ourselves being more philosophical. We embrace the fire energy of this sign by sharing our passion for life.

November 26th Mercury turns retrograde. This is the time when communication breakdowns are most likely. Double and triple check all paperwork, bookings and anything you need to sign. Mercury will turn direct on December 16th.

On December 1st, the New Moon occurs in the sign of Sagittarius. Book a trip. Start a new course or teach a course. Embrace new values and beliefs. The wide conjunction with Mercury retrograde indicates a need for inner processing. Mars and Jupiter bring energy and growth. Saturn brings a dose of reality to your dreams.

December 7th sees Mars turning retrograde. This is a time when the energy turns inward. We need to slow down and make plans to move forward when Mars turns direct early next year.

December 15th brings the Gemini Full Moon. Clean out old paperwork, emails, notes etc. Evaluate the value of networking groups. The conjunction to the Moon from Jupiter and the square from Neptune brings confusion and emotional overwhelm.

On December 21st, the Sun moves into Capricorn. This is a time for goal setting and planning.

Wishing you all a wonderful Christmas and New Year.
